Undercountercooler

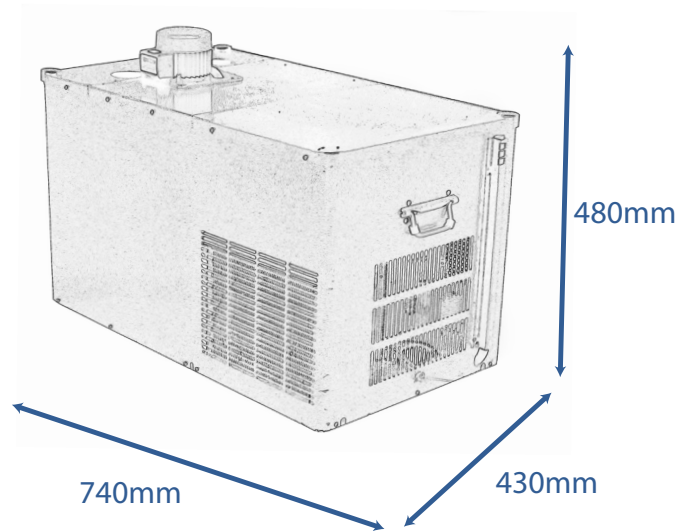

## Green Beer Cooler K-100-H / V - R290a from ADT-Europe

The new Cooler generation from the product range PERFECT PLUS - GREEN

A powerful water bath cooler  
with housing complete in Stainless Steel  
High efficient cooling technology includes  
different options  
modular construction  
different coil packs possible as per customer request

### Key Features:

- A powerful wet cooler
- Functional design and high quality performance
- High performance cooling, durable design and robust reliability
- Equipped with various possible cooling coil packs

## Specifications:

Electrical Power Supply:	230V / 50Hz / 2,3A / 530W
Cooling Capacity:	570 kcal/h
Compressor:	9 cc / Zanussi
Pull Down Time – till end Icebank:	275 min.
Dispense Capacity:	100 Litre / h
Water bath tank:	52 Liter
Ice bank Weight:	20 Kg
Dimensions LxBxH:	740x430x480 mm
Dry Weight:	42 kg
Operational Weight:	94 kg
Pump / Agitator Lift:	height 18 m - Optional 5/7/12 m
Energy efficiency:	Speed controlled agitator pump motor optional
Coil packs:	Standard 1 x 18 mtr. - Maximum 6 coils @ 12 mtr.
OD:	8 / 9,5 / 10 mm
Thermostat:	Electronic Controller
Refrigerant:	R 290a
Fan motor:	10 W
Electrical Test:	CE approved
